**Addendum to Birth Affidavit of Flavia Baldovino Question 8**

I arrived in the country in 1974. I am Fidelmar's mother. I arrived in this country to work. I swear that Fidelmar was born here in Florida. I used a midwife to assist with the birth. I did not immediately register the birth of my son because I was scared of being deported. My husband who was already in Mexico registered my son's birth before I registered him here in the United States.

RE: 420627380

Dear Mr. Baldovinos:

This letter is in reference to the passport application signed on November 20, 2017. As evidence of your birth in the United States, you submitted a birth certificate issued by the Florida Bureau of Vital Statistics. The birth certificate indicates you were born on [REDACTED] in Polk County, Florida. The non-institutional birth record was filed on February 7, 1991.

An individual applying for a U.S. passport has the burden of proving through documentary evidence his or her U.S. citizenship or nationality (22 C.F.R. 51.40, 51.41). Due to your record of a non-institutional birth, you were requested to provide supplementary documentation to support your claim of birth in the United States. Although you have submitted additional documentation, the evidence received is not sufficient to establish to the satisfaction of this office that you were born in the United States. Therefore, a U.S. passport may not be issued to you at this time and your application is denied.

Furthermore, there exists a foreign birth record indicating that your birth occurred in San Lucas, Michoacán, Mexico [REDACTED] and was registered November 1, 1976. The foreign birth certificate predates the delayed Florida birth record.

Under 22 C.F.R. 51.46, Passport Services has the authority to retain any evidence submitted with a passport application when deemed necessary. Since your Florida birth certificate was considered crucial to the passport application, it has been retained. Enclosed are the original secondary documents that you submitted with your passport application and copies of previous letters. By law, the passport execution and application fees are non-refundable. We will consider any evidence you may provide in the future. However, you will need to file a new application, submit all evidence and pay the appropriate fees.

Sincerely,

Customer Service Department

RE: 420627380

Dear Mr. Baldovinos:

Thank you for your recent passport application.

Before we can take further action, you will need to submit additional documentation to further establish your U.S. citizenship. The evidence you submitted is not acceptable for passport purposes because your birth certificate does not sufficiently support your date and place of birth in the United States. Therefore, in accordance with passport regulations, further information is needed to support your claim of birth in the United States.

In order to continue processing your passport application, it will be necessary for you to complete the enclosed DS-5513, Supplemental Questionnaire to Determine Entitlement for a U.S. Passport, and submit a combination of early public records created prior to or at the time of your birth. Examples of such documents include, but are not limited to:

- Records of your mother's medical care prior to and after your birth
- Religious records created near the time of your birth
- Newspaper birth announcement showing your birth
- Older siblings' certified birth certificate if born in the United States
- Older siblings' U.S. school transcripts created prior to, or around the time of, your birth
- Early school transcripts (domestic or foreign)
- U.S. Census Record
- Parents' Border Crossing Card(s) issued near the time of your birth
- Parents' Permanent Resident Card(s) issued prior to your birth
- Parents' foreign passports with visas entry stamp(s) indicating entry into the United States near the time of your birth
- Evidence of your mother's residence in the United States at the time of your birth such as tax records, employment records, and medical records
- Parents' school transcripts showing residence in the United States at the time of your birth
- Any other public documents from state, local, or federal agencies that would support your mother's presence in the United States at the time of your birth

It is helpful for you to submit as many documents as possible. However, not all of these documents are being requested. Please note that the list of documents is only suggestive and that you are encouraged to submit any documents which help demonstrate your presence and/or your mother's presence in the United States at the time of your birth. We will consider any and all information that you submit.

**\*\*Please note, photocopies are not acceptable for passport purposes, only original or certified copies will be considered. Any records submitted will be returned to you.\*\***

We appreciate your assistance in this matter so that we may continue processing your passport application. If we do not receive the requested information **within ninety (90) days of the date shown on this letter;** or the information you submit is insufficient to establish your entitlement to a U.S. passport in accordance with the relevant provisions of Part 51 of Title 22 of the Code of Federal Regulations, your application will be denied and your citizenship evidence will be returned to you. By law, the passport execution and application fees are non-refundable. Any special return postage you requested will be returned or refunded.

If you have any questions regarding this letter or your passport application, contact the National Passport Information Center (NPIC), toll-free, at 1-877-487-2778 (TTY/TDD: 1-888-874-7793). For general passport information, to check the status of your passport application or to enroll in our Smart Traveler Enrollment Program (STEP), please visit us on-line at [travel.state.gov](http://travel.state.gov).

**PLEASE RETURN A COPY OF THIS LETTER, ALONG WITH ALL REQUESTED INFORMATION TO THE ADDRESS LISTED ABOVE INCLUDING THE +4 ZIP CODE.**

Sincerely,

Program Management
